Report of Board of Health

TO THE CITIZENS OF THE TOWN OF BAR HARBOR:

During the year of 1922 we have had 6 cases of Diphtheria, 6 suspected cases, numerous cases of La Grippe, 1 case of mumps, and 34 cases of Scarlet Fever.

Fifteen of these cases were cared for at the Isolated Hospital, and the balance in their homes.

There has been during the whole year a wide-spread epidemic of a mild form of scarlet fever. While there were fatal cases in various parts of the State, there have been no deaths in Bar Harbor from this cause.

About 125 cases of nuisances have been received, investigated and adjusted.

As the Isolated Hospital was in operation for a longer period this year than ever before, it was found necessary to purchase some additional house supplies and have the floors varnished.

No serious cases of venereal disease reported. This division of the work shows considerable improvement.

The two milk tests taken during the summer season, showed very plainly that great care is being taken with the milk, and that the milk supply of Bar Harbor is equal to the best.

Examinations of hotels, restaurants and all stores dispensing foods or drinks were made by State Inspectors who gave excellent reports.

The unusually large number of cases of contagious disease required the keeping open of the Isolated Hospital by far the greater part of the year, and thus increased the expense of the department greatly.

There is due from individuals and other towns a considerable amount, which when paid in, will make a large reduction in the actual cost to the Town.

The Isolated Hospital received from Mr. W. S. Moore a gift of a phonograph and records, which with several other gifts of records from members of our Summer Residents was greatly appreciated.

The unfailing courtesy and co-operation extended to this department by the physicians, the Red Cross and other unofficial organizations during the past year, is greatly appreciated by the members of the department.

Respectfully submitted,

W. P. Wadleigh, Health Officer

J. W. Silk, Jr.,

Board of Health
